RIVIERA HOMEOWNERS ASSOCIATION

GENERAL MEETING

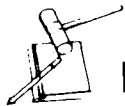

MONDAY, FEBRUARY 7th

8:00 P.M.

PARKWAY SCHOOL CAFETORIUM

Don Hartell, Torrance Police Department

"CONCERNS AND CONFLICTS OF THE ADOLESCENT AND HIS COMMUNITY"

Letter from the President

Things never remain static for long. New crises seem to break like waves upon the shore. At our last meeting we discussed the possibility of a tree ordinance in Torrance. The response by the members was far greater than I had anticipated. This Wednesday, members of your executive committee will attend a Planning Commission meeting where this issue is to be discussed and I shall have a report for you at our next general meeting.

Mr. Don Hartell, of the Torrance Police Department, will be our guest speaker at the February 7th general meeting. He will talk about problems of teenagers and the community and hopes we will have questions for him on our particular concerns and interests. Those who wish more private discussion will be able to obtain from him appropriate names and numbers.

A reminder that nominations are now in order for the board of directors of our organization. Anyone wishing to serve or to suggest someone for office please contact me at 375-4416 or Millie Schoenberg at 378-9561.

January's meeting was so well attended and I hope all of you will be back and bring friends and neighbors for the February meeting.

Spencer J. Willens

FROM THE GREENHOUSE.... by Nan Clancy & Tommye Olson

Treat your houseplants to a little vacation! On one of these nice warm, sunny mornings, take all of them outside to a semi-shaded area. Give them a good watering. (If you don't use this method of airing your plants often, consider leaching each plant. Leaching is simply allowing a slow, steady stream of water to run through the soil to remove salts.) After watering or leaching, attach a nozzle to your hose and spray the leaves with a fine spray. If the leaves are very dusty, use a paper towel to wipe them clean.

This is the perfect time to give your houseplants a haircut or manicure, Trim brown edges, pull off dead leaves and generally clean up your plants. To complete you plants' vacation, check carefully for signs of bugs, being sure to look under the leaves. Let your plants drain and enjoy the fresh air and return them to the house.
